

Welcome to MSU. This is a clickable guide to assist you in orientating your way through some common laboratory set up questions that we receive when new Principal Investigators arrive. The first part is a list of where to find registrations and safety items. The second is more for facility set up and material acquisition. Wishing you the best research!

Chemical	Laboratory Door Signs - to update
	Eyewash Test Logs
Biological	BSL-2 Door Signs
	Biospill Kits
	Biosafety Cabinet Certification
	Biosafety Survey Forms
	BSL2 (or greater) Biological Materials Research Registration
Radiation	Radiation Research Information
Occupational	Occupational Health at MSU
	Occupational Safety Information
	Injury Reporting Form
	Approval to Invoice MSU Form
Animal Handling	N95 Respirator Occupational Health Form
	Animal Handling Information
Lasers	Laser Safety Guide
	Laser transport / purchase request
Controlled Substances	Controlled Substance Licensing Information
	Controlled substances, frequently asked questions
Hazardous Waste	Waste Pick Up Request
	Waste FAQs

**Equipment
and Supplies**

MSU Surplus and Recycling

Biochemistry Stores

Chemistry Stores

University Stores

**Laboratory
Safety**

Biological spill kits - Biosafety Office

Chemical spill kits - Biochemistry Stores

Lab coats - Spartan Linen Services (visit in person)

**Shipping and
Mailing**

Fixed materials, chemicals, dry ice

Biological materials (GMOs, organisms, unfixed human/animal tissue)

General campus mail

**Gases and
Cryogenics**

Ordering gas cylinders

Gases requiring preapproval

Returning empty or unused cylinders

Small quantity liquid nitrogen

Infrastructure

Building repairs, Service Requests

Custodial Service

Pest Control (including insects, mammals, and birds)
