

NEW EHS TRAINING TRACKS IN ABILITY

Save Time- Assign one training track rather than multiple training courses for your new lab personnel

Increase Compliance- All of the most commonly required EHS training courses for working in a laboratory included in one training track

<https://bit.ly/EHS-T-1702>

Lab Safety-Basics

- Chemical Hygiene, Laboratory Safety and Hazardous Waste
- Compressed Gas Cylinder Safety
- Cryogen Safety
- Laboratory Security Awareness
- Asbestos for the Lab Setting

<https://bit.ly/EHS-T-1703>
